## GRANT-ALABAMA.

The telegraph tells us that President Grant has resolved to adopt a very decisive course in regard to the Alabama claims. The amount of his diplomacy is said to be confined to "simply sending a bill to the British Government, asking payment for depredations of the pirate ships on American commerce." And then? It is a very simple piece of work, more simple than diplomatic, to make out a bill and present it for payment. But suppose John Bull "can't see it"? Or suppose he should set off this bill by another little bill for injuries and losses on the other side? This, like most questions in dispute, has two sides to it. The most noticeable feature of Grant's attitude is the apparent abandonment of ground so tenaciously adhered to by the former administration at Washington. It will be recollected how that Lord Stanley's advances for a settlement of this vexed question were firmly met by the proposition that the right of Great Britain to recognize the Southern Confederacy, as a belligerent power, must form an item in the points to be submitted to arbitration; and the consequence was that no arbitration was had. Now, however, it would appear that President Grant is resolved to waive all such irrelevant issues and go straight to the mark—business, pure and simple. Well. There is, perhaps, something gained by thus simplifying the question; and one can only express the hope that two such respectable and enlightened nations as are the parties to this dispute, will cease acting like schoolboys, and settle accounts as becometh men. If John Bull really owes Brother Jonathan, let him, with true John Bull honesty, "step up to the Captain's office and settle." Or, if there be debt on both sides, a condition highly probable, let both parties meet in a spirit of fairness and "square accounts," instead of making themselves ridiculous and inflicting injury on interests on both sides of the Atlantic. Grant would seem to "mean business." Business let it be.

**THE SWINE NUISANCE.**—Complaints are being daily made of the large number of pigs that are running at large in the streets, and in many instances committing serious depredations amongst the plants and flowers in the gardens within the city. Is there no law to remedy such an evil, or is the law regarding swine suffered to remain inoperative? In other countries there are town or parish officers, denominated hog-reeves, appointed by the municipal or county authorities, whose duty it is to impound every hog found running at large. Why has not the Corporation of this city similar powers?

**FROM NEW WESTMINSTER.**—The str. Enterprise, Capt. Swanson, arrived from New Westminster when we were going to press with yesterday's edition. She came round by Nanaimo, taking Dr. Jones and family over to that place. A number of passengers and a Cariboo mail and express came down by her.

**THE LADIES' VELOCIPED.**—The Victoria Velocipede that is to be raffled, can be seen at the Alhambra Hall, where anybody wishing to practice can do so round the ball room.

## THE CROWN SALARIES.

The last number of the Cariboo Sentinel contains a very well written leading article, under the caption of "Political Consistency," in which crops out a wee bit of Journalistic injustice. The writer of the article in question says "Among the leaders of the Convention,"—alluding to the Convention which met at Yale in Sept.—"were two gentlemen from New Westminster, Messrs. Robson and Holbrook." Mr. Holbrook will be surprised to find himself figuring so prominently in connection with that gathering. We are perfectly certain that Mr. Robson declines the honour of being designated as one of the "leaders of the Convention." But the object of the article is to point out what the writer is pleased to term the inconsistency of those two gentlemen upon the subject of the Crown Salaries. It is charged that they went with the Convention for reduction and amalgamation, and did the very reverse in the Legislature, shortly afterwards. Leaving Mr. Holbrook to guard his own political reputation, we may be permitted to state on behalf of Mr. Robson that his position in the Legislature upon the question of the Crown Salaries was in the strictest harmony with his previous position upon the same question in the Yale Convention. Upon both occasions he differed with extremists, and advocated a medium and, as he thought, practicable course. In proof of this let the amendment which he moved to Dr. Helmcken's resolution, bear witness. It is scarcely fair for the writer in the Sentinel to accept as correct, mis-reports of the proceedings of the Legislature, especially after their accuracy has been publicly challenged, and found leading articles thereupon.

**HOWE SOUND C. M. Co.**—The Annual General Meeting of the Howe Sound Copper Mining Company Limited was held at New Westminster on Monday last. The Company decided to proceed with the work at the mine without further delay and to issue a limited number of fifty dollars shares for twenty-five dollars each. The following gentlemen were elected as Directors for the following year:—F. H. Lamb (Chairman), J. A. Webster, P. German, Hon. H. Holbrook, H. Hogan, R. Dickinson, Geo. Deitz, J. Hume, Hon. A. T. Bushby.

**A DESIRABLE UNDERTAKING.**—The Sentinel advocates a ditch from Swift River to Williams Creek, and thinks that a small portion of the public money should be devoted to it. We think so too. When it is remembered how much the miners, the country, and, consequently, the revenue, lost during last year on account of an inadequate supply of water on Williams Creek, it must be clear that a portion of public money so employed would be well invested.

**THE FIRST TRIP.**—We understand it is intended that the Str. Onward, Capt. Irving, shall leave New Westminster for Harrisonmouth, on the arrival of the Enterprise, next week. The Onward will go higher up than Harrisonmouth if it should be found practicable to do so. Indians arriving at New Westminster report the river rising above.

**A PRAISEWORTHY MOVEMENT.**—It has long been felt to be scarcely creditable that the Cemetery at New Westminster has never been enclosed by a fence. We are glad to learn that the Rev. Mr. Jamieson, of St. Andrews Church, of that town, has taken the matter up, and that upward of \$200 had been obtained for the purpose.

**POLICE COURT.**—Jas. Wealing, a seaman belonging to the Bark Marie, was arrested on Friday night, as being a suspicious character, and yesterday, upon the information of the Capt. of the Cecrops, was charged with desertion, upon which charge the prisoner was remanded two weeks until the Marie's return from Burrard Inlet.

**THE BRIGHTON TELEGRAPH.**—This new line approaches completion. The polls were all up on Friday, and on Saturday the work of stretching the wire was commenced. The cable which is to be laid across the Inlet, was shipped at Esquimalt yesterday, on Moody & Co's, schooner "Matilda," and will be submerged in a few days.

**ANOTHER SHIP.**—The ship Regent, which cleared from San Francisco, for Burrard Inlet, on the 25th, will take in a cargo of lumber at Moody & Co's Mills.

## THE NEWS.

So ex-President Johnson isn't after all! Well, to be sure, pranking thing the telegraph the 13th June 1865 we were badly sold. A telegram came bearing all the marks of genuineness. It gave a circumstantial account of the hanging of Jeff Davis, and C. Breckenridge. The plot was in Washington. "At 11 o'clock ran the despatch," Jeff Davis and C. Breckenridge emerged from prison and, under a strong guard, marched across the yard to the gallows. The gallows which had been used upon similar occasions, except the beam—[Here the line, had been working very imperfectly completely gave out.] Such Editor's note of the period. I hardly say that Jeff wasn't the least. The whole thing heartless, wicked hoax per se we suspect, by Frank Pope time there isn't the slightest for suspecting anybody in a connected with the telegraph this end, at any rate. The of the report is probably intimated in last night's despatch. Yet such electric pranks at awkward, especially when the and kill respectable people. fer Andrew Johnson our sincere congratulations, and hope he will our allusion to him yesterday "the obscure tailor of former times." The news of the intended nation by Great Britain of ban Revolutionists as belligerents the intimation that France low the example, if true, is ant, and cannot fail to exert ed influence upon the pugil prospects of that movement.

THE EXCURSION.—We would remind our readers of the excursion planned for to-morrow order to afford the public an opportunity to go round to Esquimalt a farewell look at the great vessel. It may be as well that they should know that cash paid to the Enterprise will be accepted substitute for tickets. The fact that the financial results go to the support of that very institution known as St. John's ought to give the excursion a favor in the eyes of the public.

A FATAL AFFRAY.—In our news will be found an allusion to an affray which took place on a Creek, on the 11th inst., between Phillips and Jesse Pearce, in serious injury to the former. We learn through private sources that the man Phillips died on the 13th, from the injuries at the hands of Pearce. It is that the cause of quarrel was about a disreputable woman these men. It is a consolation to know that Pearce has been and is in a fair way to get his. The Coroner's Jury returned of manslaughter against Pearce. It was expected that he would be set out on bail, which seems what strange, under the circumstances.

THE CHAIN-GANG.—This body has, in former times, presented an imposing array of strength, muscle, has dwindled down to a squad of four, the solitary appearance of whom, as they and out of their prison through the streets of the city, the escort of nearly an equal of armed guards, strongly the possibility of the time arrived when such an institution be dispensed with in this colony.

**WANTED,** at the office of this paper two good Composers and an apprentice.

So ex-President Johnson isn't dead after all! Well, to be sure, what a pranky thing the telegraph is. On the 13th June 1865 we were sold—badly sold. A telegram came to us bearing all the marks of genuineness. It gave a circumstantial account of the hanging of Jeff Davis, and John C. Breckenridge. The plot was laid in Washington. "At 11 o'clock," so ran the despatch, "Jeff Davis and John C. Breckenridge emerged from their prison, and, under a strong guard, marched across the yard to the place of execution. [Here the line, which had been working very imperfectly completely gave out.] Such was the Editor's note of the period. We need hardly say that Jeff wasn't hung in the least. The news of the intended recognition by Great Britain of the Cuban Revolutionists as belligerents, and the intimation that France will follow the example, if true, is important, and cannot fail to exert a marked influence upon the position and prospects of that movement.

**THE EXCURSION.**—We would again remind our readers of the nice little excursion planned for to-morrow, in order to afford the public an opportunity to go round to Esquimalt to take a farewell look at the great war-ship. It may be as well that the public should know that cash paid on board the Enterprise will be accepted as a substitute for tickets. The reflection that the financial results go towards the support of that very deservng institution known as St. John's School, ought to give the excursion additional favor in the eyes of the public.

## TELEGRAPHIC.

SPECIAL TO THE BRITISH COLUMBIAN.

## EUROPE.

LONDON, 25.—The strike of cotton operatives which commenced in Preston, is spreading to other parts of the country. In Glasgow it has become general. Several mills have been suspended.

PARIS, 23.—In the Corps Legislative yesterday the army contingent of 190,000 required by Government was voted. The session then adjourned to March 31st.

MADRID, March 23.—The Conscription Act of the Cortes, passed yesterday, provides that no more men shall be raised by conscription than are really required by the Government to fill the ranks of the army to the standard strength. The Minister of War had previously demanded authority to raise 25,000 recruits for this purpose.

## CALIFORNIA.

SAN FRANCISCO, 24.—Arrived—Bark Forest Queen from Port Ludlow.

SAN FRANCISCO, 25.—Legal Tenders, 77 1/2 @ 77 1/2. New York quotations, Gold, 131 1/2.

Cleared—March 25, ship Regent for Burrard Inlet. March 26, ship Elizabeth Kimball, for Port Townsend.

## EASTERN STATES.

WASHINGTON, 26.—Wilson of Minnesota, introduced a bill authorizing a road from Portland, Oregon, to the west side of the mountains. Referred to the committee on Pacific Railroads. The House took up the Senate amendment to House bill repealing the Tenure of office act. Mr. Butler moved to refer the bill and amendment to the committee on Judiciary. Logan moved an amendment that all civil officers except Judges of the U. S. Courts held by appointments by the President, with the advice and consent of the Senate before March, 4th, 1869, should become vacant on the 30th of June, 1869. The bill and Mr. Logan's amendment was referred by 95 to 59. Only ten Democrats voted in the negative—adjourned.

NEW YORK, 26.—The rumored death of Ex-President Johnson, it is supposed arose from the fact of his dangerous illness.

The following nominations have been sent to the Senate:—Edward B. Plumb, Consul General at Havana; F. A. Wilson, Collector of Customs of Puget Sound.

CHICAGO, 26.—A New York special says the Cubans there claim to have had private advice from London that the English Government has consented to acknowledge the insurgents as belligerents, and allow the purchase of war material in British ports. This confidentially expected that France will follow the English example.

WASHINGTON, March 26.—Major Nye introduced a bill to insure the completion of the Washington monument. In the House Banks, from the Committee on Foreign Affairs, reported a joint resolution declaring the sympathy of the people of the United States for the people of Cuba, and that Congress will sustain the President when he deems it expedient to recognize the independence and sovereignty of the republican Government. The Tenure of Office Repeal Bill was considered. The House refused to concur in the Senate amendment by ayes 70, nays 99. The Bill goes back to the Senate as a simple repeal of the law.

Among the nominations sent to the Senate to-day is that of William Kohus, Collector of Customs at Alaska. The Senate to-day confirmed the following nominations: Giles A. Smith, as Second Assistant Postmaster General; Moses H. Grinnell, Collector of Customs at New York; Fred Wilson, Collector at Puget Sound.

**THE SAANICH COAL MINE.**—In a quiet and unobtrusive way has the work of prospecting this mine been going forward. A number of men are at work, and have got in 160 feet with their shaft. The two seams of coal show indications of convergence as the shaft proceeds. A sackful of the coal taken out of the shaft was received in this City on Thursday, by the promoters of the enterprise. We saw it tried in a grate, and it appears to be superior in quality to the Nanaimo coal. As the mine is close to navigable water it promises to prove a good investment, should the seam turn out well. Messrs. Jungerman and Farron, and some eight others are the probable lucky owners.

**WORSE THAN EVER.**—The storm, which had abated somewhat, increased in fury last evening. We presume the Gussie Telfair, which sailed from Portland on Thursday at 4 p. m. and was due here at noon yesterday, but had not entered an appearance up our going to press, is wind-bound somewhere.

**THE SANGUINARY RETREAT.**—It is estimated that of the French soldiers who crossed the Niemen, in 1812, about 100,000 became prisoners of war, and about 300,000 were either slain in action or died of their wounds or perished from famine and cold.

**FROM NANAIMO.**—The schr. Black Diamond, Capt. George Budlin, arrived from Nanaimo, yesterday afternoon, with a cargo of coal for R. Brodick.

**LUNAR RAINBOW.**—An instance of this highly interesting natural phenomenon might be witnessed yesterday evening about 8 o'clock, in the north-western portion of the heavens, apparently resting on the verge of the horizon. The phenomenon is one of rather rare occurrence. The colours of the lunar bow are of course faint and dim as compared with those formed by the solar beam, with something of a ghastly beauty. The cause of the phenomenon, as our scientific readers require not to be informed, is precisely the same as in the case of the solar bow, the refraction, namely, of the rays of light, and their resolution into their component colours, by the rain-drops of the sky. Nor will the lovers of poetry need to be reminded of Campbell's magnificent ode to the "Triumphal arch which fills the sky When storms prepare to part."

**TRIBUTE TO DEPARTED GREATNESS.**—It will doubtless be gratifying to ex-President Johnson to know that the flags in this city fluttered at half-mast yesterday, as a tribute of respect to his memory!

**HO FOR CARIBOO!**—It will be seen by reference to our advertising columns that Mr. Barnard is preparing to do the correct thing in forwarding passengers and light freight to Cariboo.

**FAILURE.**—Mr. E. Dobrin, a merchant on Johnson Street, being unable to meet his obligations, called a meeting of his creditors, yesterday. His liabilities are said to be about \$8000 or \$10,000, principally due on Wharf Street.

**EARLY VEGETABLES.**—Our attention was attracted yesterday to the show-window of the Colonial Hotel, in which were displayed some splendid specimens of brocoli, asparagus and radishes, from the Willows, a farm a few miles out of town.

**SALE OF REAL ESTATE.**—The Real Estate at Esquimalt, sold by J. P. Davies & Co., yesterday brought \$925. Capt. Houghton was the purchaser. The lot contains about 8 1/2 acres, and the price is thought to be high considering the locality.

## CARIBOO NEWS.

From the Sentinel, of the 6th and 13th inst., we glean the following news:

**MINING INTELLIGENCE.**  
The week ending 6th, the Baldhead, Barker, and the Sheephead companies on Williams creek, washed up respectively, 94 oz. of gold, and 37 oz. The Canadian and Columbia companies, making about 200 oz. In Stout's claim the Jenkins Co., has struck a good prospect in the lower part of their ground. During the week ending the 13th, the Barker Co., washed up 154 oz. During the same week the other paying claims did no more than pay expenses and wages.

A rich "strike" has been made in Conklin's Gulch, with reference to which we will allow our contemporary to speak for himself:—"Quite an excitement has been caused this week by a strike made by the Eclipse Co. This company, which was located early in the winter, have been running a drain tunnel, which is now in about 200 feet, and still over 100 feet from the lower end of their own ground. They have now struck bed rock in the Indian Queen Company's claim, where they got a prospect of eleven dollars to the pan. The Indian Queen is a small claim about which little is known, therefore we are working ourselves, and keeping their own affairs quiet, and from the prospect now struck in the upper part of their ground, it bids fair to turn out extremely rich. There has always been a prevalent idea that there was a rich channel somewhere about the upper part of Conklin's Gulch, in search of which a great deal of time and money have been wasted in sinking shafts. The tunnel, now being run however, bids fair to solve the problem, and if the result proves equal to present anticipations, this may turn out to be one of the richest mining localities in Cariboo."

**MISCELLANEOUS.**  
A statement of the financial and other affairs of the Williams Creek Hospital from 1st January 1868 has just been published. The available funds during that period from sources other than Government grants, amounted to \$815, to which is added \$200, balance of grant after paying Stewards' wages, making in all \$1015. Disbursements other than Stewards' salary, \$690, leaving a balance of \$325 to remunerate the very efficient services of the attendant Physician Dr. Bell, for a period of fifteen months! During this period there were admitted to the institution 51 patients; while advice and medicine was afforded to 397 out-door patients, free of charge. "The above figures," says our contemporary, "for which we have Dr. Bell's authority, show clearly that unless some additional funds are provided, it will be impossible for him to keep the hospital open, and pay a Steward for attendance on patients."

The regular monthly meeting of the Williams Creek Fire Brigade was held on the 11th inst. The Captain reported the Engine House in order. A communication from Mr. J. T. Scott, of New Westminster, was read, enclosing a letter from the Colonial Secretary, stating that the Magistrate at Cariboo has been instructed to give the Brigade such assistance as he may deem proper. A letter was also read from Mr. D. Oppenheimer to Mr. Stewards, enclosing a letter sent by him to the Chief Engineers of Victoria Fire Department, asking the price of fire engines and appurtenances. It was resolved that the Captain be authorized to telegraph to San Francisco regarding the purchase of an engine. The Secretary was instructed to apply to Mr. Brew for the \$1,000 promised by him on behalf of the Government. Mr. Joseph Hough

was appointed a Fire Warden. On the 8th the Rev. Mr. Reynolds gave a concert and readings from Pickwick. The attendance was good and the thing a success. The new office of the Bank of B. C. was opened in Bruce & Mann's new building, on the 11th. The weather was pleasant and Spring like. The Amateur Theatrical Club continued to give most creditable entertainments. One of the play of "Still waters run deep." An affray had occurred between W. Phillips and J. Pearce, in which the former was seriously injured. Pearce was arrested.

## MASSONIC.

**GRAND LODGE OF COLORED MASONS.**—This body met at Wilmington, Delaware, in December last. It is called the National Grand Lodge, and is composed of members of the Grand Lodges of New York, Pennsylvania, Massachusetts, Rhode Island, New Jersey, Delaware, Maryland, District of Columbia, Virginia, Indiana, Ohio, Illinois, Michigan, California and Missouri. The body meets triennially, and is purely a Masonic order, having affiliations with the colored brethren and other Masonic bodies in Europe, precisely after the usages of the white masons. Its membership embraces the best and most influential colored men in the country. Mr. T. S. W. Titus, a colored lawyer and notary public, is Grand Master of the Grand Lodge and one of the officers of the Freedmen's Bank in New York.

**AN OLD FREEMASON.**—A late number of the San Francisco Bulletin speaks of a Mr. David Stiles, who is 102 years old, and has been a Mason 71 years of that time. His Masonic history is like interesting and honourable to him. He has been a Mason 71 years, and is, no doubt, the oldest Mason on this continent. He was made a Mason at Toronto, C. W., December 28, 1797, when William Jarvis was Grand Master of Canada. The Lodge at Toronto was No. 16 of that jurisdiction. He has assisted in forming very many Lodges, and is now a member of Hazel Green Lodge No. 43 of Illinois.
